IP in transactions

– what to consider when conducting M&A and Due Diligence

Merging with or acquiring a company requires solid legal and IP considerations. What are the pitfalls, where would you like to put your emphasis and how do you best assure a good partnership with your outside counsel?

These and other aspects will be discussed in this DIFI seminar, where we have the great pleasure of welcoming four knowledgeable speakers:

- **Barbara Fiorini Due**, General Counsel, Novo Holdings A/S. Barbara is heading the legal department and has the overall responsibility for providing legal advice and assistance to all investment teams.
- **Maria Uldall**, Patent Specialist, Lundbeck A/S. Maria is a European Patent Attorney and has been involved in numerous IP due diligences for Lundbeck.
- **Dan Moalem**, founder and chairman of Moalem Weitemeyer. Dan engages in public and private M&A and has represented among others DSV, PerkinElmer and Royal Unibrew in M&A transactions.
- **Josh Kaufman**, Partner at the international law firm DLA Piper LLP. Josh advises in strategic development and transformational transactions. He specializes in cross-border matters and will add a US-angle to the topic.

We can promise you an exciting tour de force through the landscape of M&A and IP Due Diligence and look forward to seeing you.
